Commonwealth Bank extends agreement with TAFMO

Melbourne, 18 August 2006

TAFMO AUSTRALIA Pty Limited and the Commonwealth Bank of Australia have signed a five year agreement for TAFMO to power the bank's XPOS platform. The agreement has an extension option of a further 3 years.

Under the agreement:

- the bank will continue to use TAFMO's technology to power its XPOS product on EFTPOS terminals and point of sale "till" systems.
- TAFMO will have exclusive rights to deploy value added services to the bank's base of EFTPOS terminals subject to undisclosed conditions.

The last three years have seen strong and consistent growth in merchants and transactions using the XPOS product.

This agreement signifies TAFMO and the Commonwealth Bank's confidence in continued growth over the next 5 years.

About the Commonwealth Bank

XPOS is a value add service provided by the Commonwealth Bank to their merchant customers. XPOS is the Bank's infrastructure for processing non financial transactions which provides merchants with access to the following products and services via their merchant facility:

XPOS Touch: provides Touch electronic prepaid products

XPOS BPOINT: bill payment processing

XPOS Gift Cards: electronic gift card programmes

XPOS Loyalty: merchant branded loyalty programmes

XPOS Bartercard: electronic Bartercard processing

Merchants can choose any combination of the above products on either a standalone EFTPOS terminal or integrated direct onto their point of sale using XPOS Integrated.

XPOS is a trademark of the Commonwealth Bank of Australia. More information can be found at www.commbank.com.au/xpos.

About TAFMO

TAFMO is a world leader in infrastructure systems for the sale and delivery of electronic products and services. The company distributes over 200 electronic products from 50 different suppliers under the Touch brand.

These products include tickets, phone cards, fishing licenses, magazine subscriptions, bill payments and loyalty programs. TAFMO's global operations centers deliver, bill, and manage these electronic products for sale on EFTPOS terminals, Kiosks, and Automatic Teller Machines.

TAFMO offers merchants, financial institutions, consumers and product providers alike the opportunity to improve customer retention, acquire new customers, generate increased sales, lower distribution costs, and generate new revenue streams.
